## Company Profile.

Your Trusted Partner for Workforce & Facility Solutions Across India

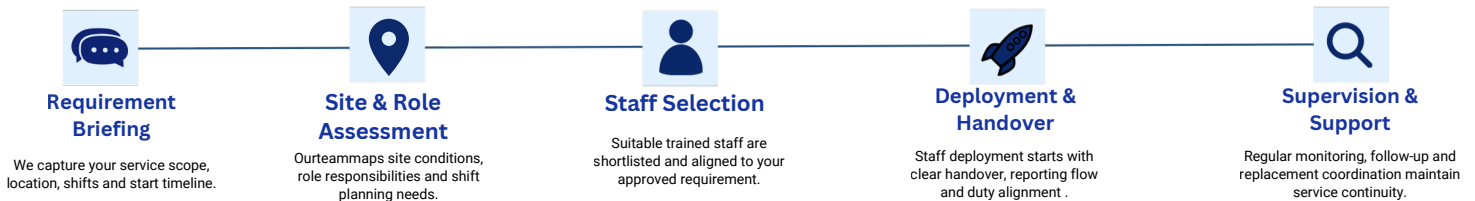

# About Us.

ABSN Group is a distinguished leader in Workforce and Integrated Facility Management, delivering comprehensive, high-quality services across India. With a robust Pan-India presence, we provide end-to-end solutions in Housekeeping Services, Security Services, Facility Management, Recruitment & Staffing, and Healthcare Support. Built on the foundation of professionalism, reliability, and operational excellence, ABSN Group enables businesses to function seamlessly by managing critical support systems with precision. Our highly trained workforce, standardized processes, and adherence to best practices ensure consistent service delivery across diverse sectors. With a strong client-centric approach, we offer customised solutions tailored to each organisation's needs – from maintaining hygiene standards and ensuring security to providing skilled manpower and healthcare support. Driven by integrity and a focus on quality, ABSN Group continues to be a trusted partner for organisations seeking efficiency, safety, and operational excellence across India.

## How We Work

Our structured 5-step work flow ensures fast on boarding, clear coordination, and reliable day-to-day service delivery.

### Our Vision

#### What We Do Every Day.

We exist to solve India's most persistent workforce challenge – finding the right people, fast, without compromise.

Our mission is to empower every organisation – from a single clinic to a national enterprise – with trained, verified, and dependable workforce solutions. Delivered with speed, full statutory compliance, and an unwavering commitment to quality that never wavers, regardless of the size of the client or the complexity of the requirement.

We deploy the right people, to the right place, at the right time – every single time.

### Our Mission

#### Where We Are Going.

We are building the most trusted name in staffing and facility management across India – a brand that businesses mention first when someone asks, "Who should I call?"

By 2030, ABSN Group will operate across 50+ cities, serving every major sector in India – healthcare, hospitality, corporate, retail, and beyond. We will be the benchmark for what fast deployment, zero-compromise compliance, and genuine workforce care looks like at national scale.

This is not just a business goal. It is a commitment to create dignified, stable employment for thousands of workers across India – and to build a company that endures.

### Core Values

#### How We Show Up.

- Integrity**  
We say what we will do, and we do what we say. No shortcuts, no excuses – ever.
- Excellence**  
Good enough is never good enough. We raise the bar on every deployment, every day.
- Reliability**  
When businesses need us – we show up. 24 hours. 72 hours. No delay, no disruption.
- Compliance**  
EPF, ESIC, labour law – we follow every rule. Transparency is not optional here.
- People First**  
Our staff are not just numbers. Our clients are not just contracts. Both matter equally.

# Meet Our Leadership

The Visionaries Behind ABSN Group

## Abhishek Dixit

Founder

B.Tech — Mechanical Engineering

I did not just want to build a company. I wanted to build something that India's workforce and businesses could both be proud of.

**Abhishek Dixit** is the Founder of ABSN Group — one of India's fastest-growing staffing and facility management companies. A Mechanical Engineering graduate, Abhishek brings a rare combination of technical precision and entrepreneurial vision to the workforce industry.

In 2018, with limited resources but an unshakable belief, he founded True Business Solution — a lean staffing firm in Noida that served local businesses with trained housekeeping and facility staff. What began as a small operation quickly earned a reputation for reliability, quality, and zero-compromise service delivery.

By 2022, the business had grown far beyond its original scope. Abhishek took the bold decision to rebrand and restructure

— launching ABSN Group as a full-spectrum Staffing & Facility Management company with expanded verticals in healthcare staffing, security services, and pan-India recruitment solutions.

Today, under his leadership, ABSN Group has served 50+ clients, deployed 1,000+ staff members, and established a presence across 11+ cities. His engineering background directly shapes the company's process-driven culture — from standardised onboarding protocols to rapid 24–72 hour deployment systems that clients rely on.

Scaling a business is not just about more clients. It is about building systems strong enough to carry the weight of that growth.

## Richa Dwivedi

Co-Founder

MBA — Finance

**Richa Dwivedi** is the Co-Founder of ABSN Group, and the financial architect behind the company's structured, compliance-first growth story. An MBA in Finance, Richa joined ABSN Group at its pivotal 2022 rebranding — and her entry marked a defining turning point in how the company approached scale, governance, and operational finance. With deep expertise in corporate financial planning, statutory compliance, and business restructuring, Richa built ABSN Group's entire financial backbone from the ground up. She introduced transparent billing frameworks, ensured full EPF, ESIC, and Indian labour law compliance across all client engagements, and eliminated hidden charges — a promise that today stands as one of ABSN's strongest differentiators.

Under her financial stewardship, ABSN Group achieved consistent year-on-year growth while maintaining fiscal discipline and zero statutory defaults. She oversees all client invoicing, vendor finance, payroll processing, and regulatory filings — ensuring the company operates with complete legal transparency at every level.

Richa is also the key architect of ABSN Group's pan-India expansion financial strategy. She has designed cost-efficient service pricing models that allow ABSN to serve businesses of all sizes — from a single-location clinic to a multi-city
